Students Attractions

Language Practice

- Malta is currently one of the most prominent destinations to study English abroad! Even though Malta has its official language - Maltese, the establishment of the English language resulted from the influence of the British Empire and the EU.

High-Quality Education

- Malta's education system is favorable to international students because of its quality of universities and study courses. Students often stay in the country and work after graduation. Malta has some of the best higher education institutions for international learners. A university degree received in Malta opens a wide amount of career opportunities in the country and abroad.

Malta is Extremely Economical

- Unlike other English-speaking countries, it's affordable to live and study in Malta. However, the cost of living can differ depending on your lifestyle and where you choose to stay. Generally, the expenses run low on the island. Prices of accommodation and food are affordable, and students often get special deals.

Malta is a Member of the European Union

- Malta has been a part of the European Union since 2004. Island has the most significant number of English speakers outside of the Great Britain and Ireland. It's one of the reasons why higher education in Malta is one of the most demanded in Europe. Moreover, its position in the Mediterranean Sea puts it hours away from other European countries. If you study in Malta, you can travel freely through the 28 European Union states at low prices.

Diverse Student Community

- If you want to live and obtain higher education in Europe, studying in Malta is a perfect choice. Firstly, it's the only English-speaking country in the European Union outside the UK and Ireland. Secondly, various students from different sides of the world are here already. Therefore, making friends in Malta will be much easier for international students. With the help of other international students, anyone can eventually adjust to their new environment. Consequently, Malta will turn out to be your second home.
